

Say what the problem says out loud. Point to each part of the problem while saying each part out loud.

Circle the minus sign and the equal sign for each problem.

"Three minus one equals two."

$$3 - 1 = 2$$

"Five minus four equals one."

$$5 - 4 = 1$$

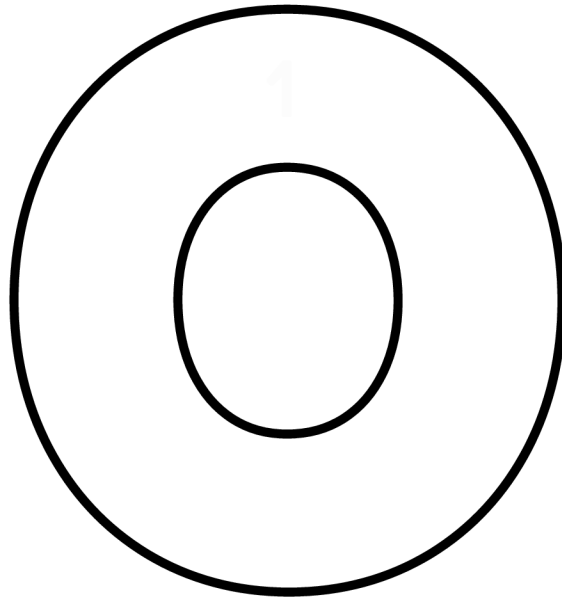

"Ten minus eight equals two."

$$10 - 8 = 2$$

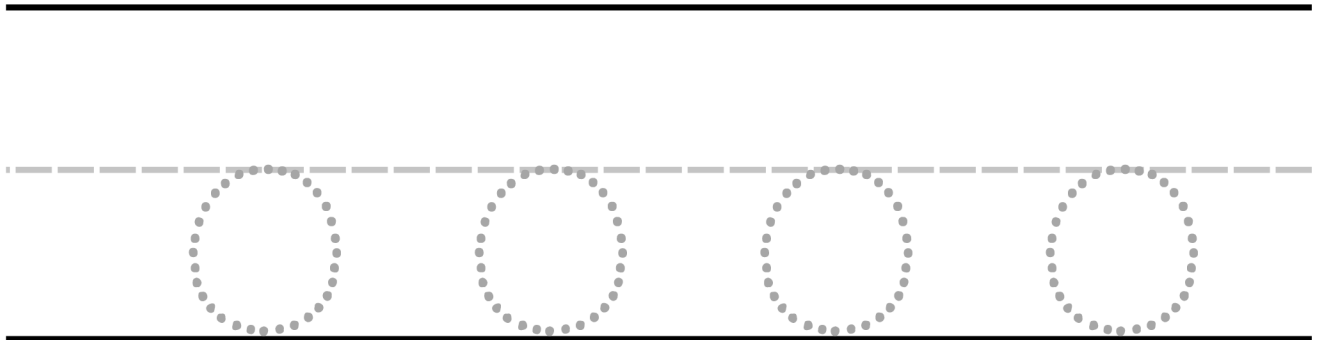

"Eight minus four equals four."

$$8 - 4 = 4$$

Color the letter.

Trace the letter.

Write the letter.
